COLLEGE WOOD ELEMENTARY

Costumes for Cool Creek

Audrey Cooper, Site Supervisor

Each semester, ESE leads a community service project for students to participate in. In October, ESE students could bring in their gently used Halloween costumes to donate. Donations were given to Cool Creek Park, which organized the costume drive. The park collects costumes year round and offers them for free to the community on the Saturdays in October. ESE students kicked off the drive with a costume parade! They could bring in their costumes to wear for the parade and then donate them! A big thank you to those who participated in the costume drive.
