PRAIRIE TRACE ELEMENTARY

Lights On Afterschool

Joey Castillo, Site Supervisor

This year for Lights on Afterschool this year was a hoot! At Prairie Trace Elementary, we had a costume party. The students were able to make Halloween crafts, have a Halloween dance, and played different gym games. The students had a blast at the party, and it is definitely something we all look forward to each year. We are already planning what to do for the 2019 Lights on Afterschool party.

October Birthdays!

Chris Aiken, Assistant Site Supervisor

Happy Birthday to 22 October Birthdays! This included our very own Mrs. Q. She shared her special day with a few of the kids too. I know it is very exciting when they can share something as special as a birthday with our staff.

Our October Birthday Board theme was the ESE Pumpkin Patch. Each kiddo had a pumpkin to display their name and birth date. Parents are always welcome to check out the board and see the pictures from the month. Parents can also check out of Student of the Week posters too!
