SMOKY ROW ELEMENTARY

March Club Highlights.

Felicia Diaz, Assistant Site Supervisor

The month of March has been a great month for clubs. This month we started a new site plan and have some awesome new clubs to help us bring in the end of the school year. Some of the stand out new clubs are a volleyball club called *Bump, Set, Spike*, a Science club called *Mad Scientists*, and a craft club called *Disney Magic*. On the right, we have shared a few pictures from a super fun club day. The students had a choice of participating in making rainbow looms, finger paintings, or playing a student-led game of Army, Navy, Airforce. Pictured to the right is Kayleigh K. finger painting, Anna A. showing off her rainbow loom creation, and Ava A. and Rayan A. leading the Army, Navy, Airforce game.

Birthday Celebrations!

Felicia Diaz, Assistant Site Supervisor

Happy Birthday to everyone with birthdays in March! We hope all our students with March birthdays enjoyed their special time. We were happy to acknowledge each and every student with a March birthday on our special Birthday Bulletin Board. Students also seemed very happy to sport their stretchy birthday bracelets. Pictured to the right are Lucas G., Isla M., and Samantha G. holding up their certificates. All of our students celebrating their special day in March were: Anna A., Evan B., Jason B., Christopher B., Lucas G., Samantha G., Kayleigh K., Daniel K., Isla M., Morrison M., Cameron P., Tyce P., Arianna S., and Annie T.
