COLLEGE WOOD ELEMENTARY

## Field Trip & Earth Day Service Project

*Audrey Cooper, Site Supervisor*

College Wood ESE students were able to participate in two different community service opportunities in the month of April. 47 students loaded a bus and went to the Community Gardens at Carmel Middle School. We helped prepare the garden beds for spring planting season. Students also toured the ground and had a few minutes to play on the playground. On Earth Day, ESE celebrated the ribbon cutting of the Cardinal Café Organic Garden. This is a new on campus organic garden that will provide fresh food for the school cafeteria. Students planted seeds, repotted tomato plants, and made posters for the café. ESE students will assist with maintaining this on campus garden during the spring and fall.

## April Birthdays!

*Allison Wray, Assistant Site Supervisor*

April was a great month for birthdays at ESE. If you were born in April you share your birth month with Maya Angelou, Thomas Jefferson, and William Shakespeare. The birthstone for April is the Diamond which represents everlasting love. Did you know April 2nd is Peanut Butter and Jelly Day? Or April 25th is Hairstylist Appreciation Day? See below for the ESE students who celebrated their birthday in April!
