PRAIRIE TRACE ELEMENTARY

PTE Community Service Week!

Chris Aiken, Assistant Site Supervisor

Kindness is important at PTE, and service week is one way we try to teach that to the students. PTE and ESE teamed up to make this years Service week the best it could be! We offered a place for students to continue working on projects for their grade level, and a place for parents to drop off items for the classroom. Each grade level voted on the service project they did. These included Julian Center, Paws & Think, Backpack program, Senior Surfer, Box of Balloons, and Wheeler Mission. The students did such a wonderful job, and were able to learn the meaning of Service by helping others.

April Birthdays!

Chris Aiken, Assistant Site Supervisor

April brought us 24 Birthdays here at PTE! This included 2 of our staff, both Mrs. Aiken and Miss. Weifenbach. Miss Weifenbach has returned from Africa and is ready to join ESE again. Aprils birthstone is the Diamond. Diamond represents abundance, courage, strength, and power. April is also the birth month for a few famous faces you may recognize: Queen Elizabeth, Leonardo Da Vinci, and Mandy Moore just to name a few.

Aprils bulletin board was “Chillin’ with my Peeps”. Each Peep had a name and Birthday written on it. Happy Birthday April! We hope you had the best Birthday ever!
