SMOKY ROW ELEMENTARY

Spring Service Project

Felicia Diaz, Assistant Site Supervisor

Here at Smoky Row, we are having an exciting service project that will greatly benefit kids from another school. We will be doing a drive for items that we will make into summer packs that will be given to students at a Title 1 school. For the summer packs, we will be collecting nonperishable food like peanut butter, cereal, popcorn, and soup. We will also be collecting toys and clothing. Once the items are collected, they will be made into summer packs for various children that attend an inner city school on the East side of Indianapolis. The students of Smoky Row are excited to help out other kids and make sure they have a great summer!

Birthday Celebrations!

Felicia Diaz, Assistant Site Supervisor

Happy Birthday to everyone with birthdays in April! We hope all our students with April birthdays enjoyed their special time. We were happy to acknowledge each and every student with an April birthday on our special Birthday Bulletin Board. Students also seemed very happy to sport their stretchy birthday bracelets. Pictured to the right are Anjali W., Mia K., Owen S., Aiden G., Rico T., and Ellis B. holding up their certificates. All of our students celebrating their special day in April were: Alma A., Ellis B., Case B., Anirudh G., Aiden G., Mia K., Paisley L., Owen S., Rico T., Anjali W., and Isaac Z.
