WOODBROOK ELEMENTARY

## Reduce, Reuse & Recycle!

*Christian Amaro, Assistant Site Supervisor*

Each year it seems like so much paper and paper products are wasted. In previous years our students have created a recycling box and put the contents in our school's bin. However, at least once a month, Mr. Amaro takes the contents of the recycling box to Pike High School, where his uncle is primary sponsor of the school's Sierra Club. The Sierra Club at Pike has collected and recycled 800 tons of paper products in less than 10 years! It is pretty amazing to hear those numbers and that we have played a part in recycling! Our paper recycling comes from the bits and scraps from various craft clubs, as well as scratch paper from homework time. Our students have become quite proactive in the afternoons as well as the morning to ensure they put their recycling in the box! Ms. Quarles painted the box this year with some ideas from students. Sometimes Mr. Amaro has to be reminded to take the recycling, but is always amazed to see how much recycling products fit into one simple box! We plan on continuing this partnership for some time!

## May Birthdays!

*Christian Amaro, Assistant Site Supervisor*

The weather has begun heating up and we are in the double digits of days remaining in this school year! We will continue to celebrate birthdays on Fridays and will do so early in the month so we can recognize as many students as we can. Birthday recognition occurs on Fridays during our RICHER Right Up moment. Each student receives a WB ESE Birthday pencil of their choice and gets to stand on the stairs in front of their peers to receive a special shout out! We hope everyone has a great birthday! We will also be shouting out our summer birthdays as the month goes on!

May Birthdays: Grant N., Vivian F-W., Keaton F., Cameron L., and Crosby G.
