NEWS & VIEWS

Fantasy Football

Back by popular demand, Fantasy Football has come back for the first site plan of the school year. Last year we experimented with only ten weeks, but it was such a huge success, that we are doing it for half the year! The kids were so excited to have it back, and have already drafted their teams! Our previous winner last year has moved on to 6th grade, so this year is looking for a new winner. Who will it be?

4/5 Chill Zone!

The 4/5 Chill Zone is a place for the 4th and 5th graders (and sometimes 6th) to chill out, play games, read books, or have special activities they have chosen. This gives our older kids a sense of freedom when they are feeling “too old” for the normal day to day activities. The Chill Zone is offered daily, during clubs. We have the students give input as to what they want to see in this area, and do our best to accommodate all requests made.
