NEWS & VIEWS

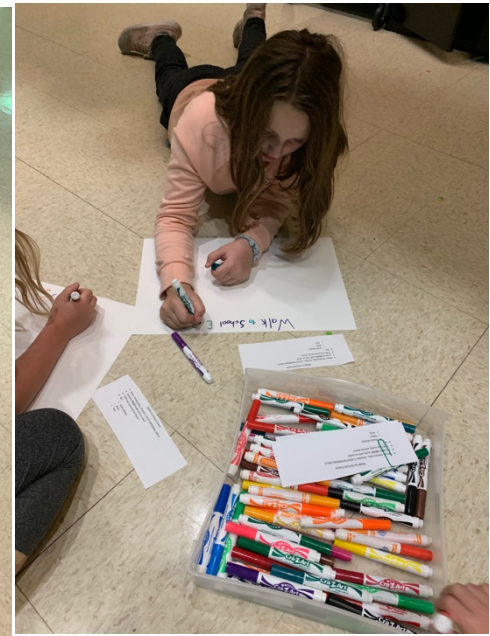

Ready! Set! GAGA Ball!

Twice a year our Gaga Ball pit goes up! The students LOVE Gaga Ball week! Students who normally go to craft or interest clubs even come to join Gaga Ball. We also love Gaga Ball because it is for all grades. During the club, we have students from Kindergarten all the way to 5th grade. Mr. Cole, MTE P.E Teacher, sets up the Gaga pit for his class and we join in on the fun before and after school. During Gaga Ball week, it teaches our students good sportsmanship by supporting our peers even when we get out.

Here to Help!

At our ESE, we take pride in helping out wherever it is needed. We got asked by our school nurse to help make posters for the Walk to School event. Our 4th and 5th graders were kind enough to make over 10 posters! Students worked on the posters during clubs and morning program. Our school Nurse was so happy with how the posters turned out! We are so fortunate to have such caring students in our program!
