NEWS & VIEWS

Annual Pancake Breakfast

On October 18, 2019 we had our annual Pancake Breakfast. We served pancakes, sausage, juice and coffee. This year we had over 60 people attend! There were a lot of smiles shared and memories made. Pancakes were made by Ms. Hazelwood and Ms. Rusk. This was our second year hosting a Pancake Breakfast for the families in our program! We loved the opportunity to spend time with our students and their families.

A Visit From The Boy Scouts of America

Our ESE tried something new this year. We were contacted by the Boys Scouts of America to connect our students with STEM (science, technology, engineering and mathematics). Two representatives came to our program and informed our students about all the fun Boy Scouts offers. We learned that boys AND girls can be in scouts. This drew the attentions of most of our students.

After the representatives informed our students about all the fun they offer. They led our students in a rocket building activity. MTE ESE would like to thank the Boy Scouts of America for engaging our students in a fun & new educational experience! *Pictured is Brock S, Elena E, Olivia H and Mina N*
