Carmel/Clay Board of Parks and Recreation Annual and Regular Park Board Meeting Tuesday, January 11, 2022, 6:00 p.m. John W. Hensel Government Center 10701 North College Avenue Carmel, Indiana 46280

The Carmel/Clay Board of Parks and Recreation will govern in a proactive manner as it applies to providing safe and well maintained parks, recreation facilities and programs in a fiduciary and responsible manner. The Board is a policy governing board, fulfilling its duties as mandated by state statute, putting the welfare of the citizens of Carmel and Clay Township first, and enabling staff to manage the park and recreation system in a manner that reflects the vision and mission. Our promise to our citizens is that we will leave the parks and recreation system better than we found it.

RETIREMENT

The 10 Best Places to Retire in the U.S. in 2022

By Aly J. Yale December 2, 2021

Clockwise from top left: Visit Franklin; City of Carmel; City of Boca Raton; City of Carmel.

Brought to you by Better

Better is redefining the homeownership process. Experience a simple online mortgage loan process with zero commissions & lender fees and 24/7 support.

Retirement looks different for everyone. Maybe your dream is lounging by the beach or boating over crystal blue waters. Or maybe it's exploring the great outdoors or taking in museums, live music and theater.

Perhaps you don't plan to "retire" at all, but instead start a new busines after your main career ends. No matter what your vision looks like, there's a place to bring it to life, and our 2021 Best

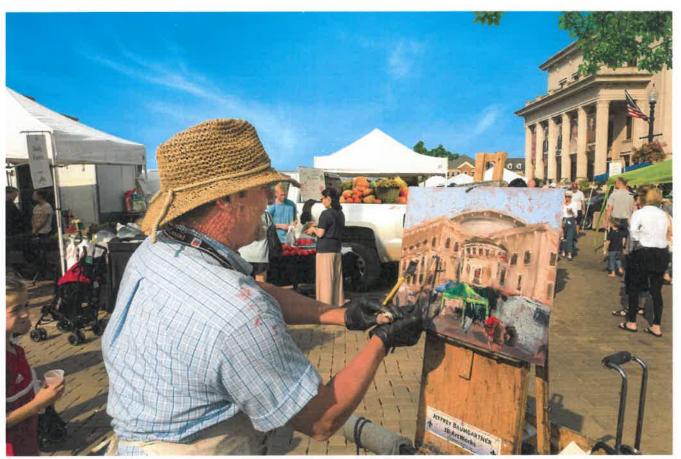

Money

we looked at nearly 100 different metrics (for a total of over 150,000 unique data points) to determine the top 10 most desirable places to retire in the U.S. Home prices, weather and access to health care factored in, as did local amenities and facilities. The result is a wide-ranging list of towns that spans all the way from New Hampshire to Texas to Idaho.

We focused on places whose COVID-19 vaccination rates were close to or higher than their state average. And while some of the activities listed below may be modified due to the on-going pandemic, these locations also have abundant outdoor resources.

Need help finding the perfect spot to put down roots and enjoy this exciting life stage? Dig in and enjoy.

Money

Don't let its picturesque Main Street and affordable nousing fool you. Inough Carmel may seem like just another quaint suburb of Indianapolis, this year's winner is bustling with activity and culture in its own right.

The town is home to its own orchestra, several art councils and theater troupes, a Center for Performing Arts and a number of museums. The <u>Museum of Minature Houses</u> is a particularly unique one. Featuring over 1,000 to-scale miniature (and historically correct) homes, the museum has welcomed more than 100,000 visitors since its opening nearly 30 years ago. You can even take part in a three-level scavenger hunt while you're there.

Carmel also plays host to a year-round slate of events, including regular farmers markets, an annual **German Christkindlmarkt**, and festivals for art, coffee, beer and more.

The city is a pioneer in road safety: It has been replacing traditional intersections with safer roundabout versions for years (there are now 140 and counting), and it's known as the Roundabout Capital of the U.S.

Carmel also boasts plenty of shopping in its Arts & Design District. To keep fit, walk or bike the 25-mile Monon Trail, explore the lush Coxhall Gardens park, or head to the city's fitness center, which has several pools, group fitness classes, cardio equipment and even a full-scale water park.

According to the American Red Cross, Selear began performing chest compressions and CPR, along with utilizing an automated external defibrillator until the man regained consciousness and emergency medical personnel arrived.

Selear was presented with the American Red Cross's Lifesaving Award during the organizations Cardiac Arrest Survival summit, which was held virtually from San Diego. The Red Cross said the honor is one of the highest awards given to someone "who saves or sustains life by using skills and knowledge learned in a Red Cross Training Services course."

The American Red Cross provides First Aid and CPR courses online for those who would like to learn how they can help in an emergency if medical assistance is not immediately available. To learn more about the online courses, as well as classroom classes offered by the organization, click here.

"We are honored to recognize Matthew's heroic actions and his commitment to keeping our community safe," said Chad Priest, CEO of American Red Cross' Indiana Region. "We need more people like Matthew who are trained and ready to act."

Others who have used knowledge gained through an American Red Cross training class to help save a life can be nominated for the Lifesaver Award. Click here to submit a nomination.

BY ANN MARIE SHAMBAUGH ON DECEMBER 9, 2021

CARMEL COMMUNITY

The arrival of cooler temperatures may be causing Carmel residents to spend more time indoors, but work continues to upgrade several

Carmel parks by the time warmer weather returns.

Michael Klitzing, director of Carmel Clay Parks & Recreation, gave an update Dec. 6 to the Carmel City Council on various projects under way.

West Park is set to fully reopen in the spring of 2022 with a new playground and splash pad. The \$6.2 million project was originally expected to be complete earlier this year, but Klitzing said delays in obtaining permits slowed the project from the start. Work also has been affected by supply chain issues and labor shortages.

When complete, Klitzing expects West Park's features — which include a waterfall in the splash pad area — will be "a special experience."

"This will be a splash pad like none other, as well as a play experience like none other," Klitzing said.

Work to upgrade Meadowlark Park with a new playground and pickleball courts is expected to be complete by Memorial Day. CCPR officials had hoped the \$3.5 million project would be complete by the end of this month, but Klitzing said it's taken longer to receive key pieces of playground equipment than expected.

Inlow Park is receiving an updated and relocated splash pad to be built closer to the existing playground, two pickleball courts, expanded parking and a new restroom building. The \$2.3 million project is expected to be complete by spring, which is in line with initial projections.

Work continues to develop a master plan for Bear Creek Park, but the site is open to the public on weekends from 9 a.m. to 5 p.m. so residents can get a feel for it and provide feedback. A public meeting is scheduled for 6 p.m. Jan. 25, 2022 at the Jill Perelman Pavilion at West Park to share proposed concept plans for Bear Creek Park and gather input from attendees.

Carmel Clay Parks' guide to more sustainable holiday

FOLLOW US ON FACEBOOK

SAT SUN MON TUE WED THU

POSTED BY: THE REPORTER DECEMBER 12, 2021

Submitted by CCPR

The approaching holiday season brings with it a lot of cheer, family time, and delicious meals. But did you know that it also brings about an incredible amount of waste?

Between Thanksgiving and New Year's Day, Americans throw away a million extra tons of garbage each week, including holiday wrapping and packaging. We also use more electricity on holiday lights than some countries use in an entire year. It may seem daunting, but if enough people implement small changes – we can make measurable impact. Keep reading for some easy switches.

1. Wrap your gift with a gift.

Wrap your gift with a gift! You can also make your own wrapping paper or go without. Most mass-produced wrapping paper you find in stores is not recyclable because of the shiny coatings, foils, and colors, and therefore ends up in landfills.

Instead, here's a great chance to get creative! Wrap presents with old maps, the comics section of a newspaper, or children's artwork. Or use a scarf, attractive dish towel, bandana, or some other useful cloth item that is a gift in and of itself. Some of CCPR's favorites include using pretty leaves and twigs and tying it all with natural twine. We are real nature nerds over here.

2. Decorate your home with LED lights.

Thanks to technology, you can now decorate your house with LED lights that use 90 percent less energy than conventional holiday lights and can save your family up to \$50 on your energy bills during the holiday season! As a bonus, LEDs release little heat, and they last about 200,000 hours. In the unlikely event that one does burn out, the rest of the lights keep on glowing.

According to a **U.S. Department of Energy** study, if everyone replaced their conventional holiday light strings with LEDs, at least two billion kilowatt-hours of electricity could be saved in a month. The savings would be enough to power 200,000 homes for a year.

3. Stuff stockings with yummy natural treats.

Stuff stockings with yummy natural treats. Stocking stuffers tend to be small, plastic trinkets that end up broken, lost, or in the garbage by the end of January. Instead, fill your stockings with delicious healthy treats like dried fruit, nuts, Clementines, or homemade holiday cookies.

4. Add local foods to your holiday feast.

Greyhounds hand Tigers first d

For the past few years, there h close battles between the Carn boys basketball teams.

This year's game between the Greyhounds and the 4A No. 5 exception. The difference was minutes, as Carmel got off to a momentum carried the 'Hounds Saturday at the Eric Clark Activ Read more in today's Reporter https://readthereporter.com/gre tigers-first-d.../

Add local foods to your holiday feast. **Support** local family farmers who grow sustainable meat and produce. Not only does local, organic food taste better, but you'll also be doing your part for your community and the planet too. There are numerous local farms right here in Hamilton County that would be happy to welcome your business this season.

5. Give experiential or consumable gifts.

Give experiential or consumable gifts. Returning unwanted gifts is not only inconvenient: Every holiday season gift returns generate about 15,000 pounds of CO₂. Leisure psychology research shows us that experiences make us happier than possessions anyway. What are some good examples? A good book, concert, or museum tickets, or even an indoor herb garden starter kit.

Depending on the person's interest, a **Monon** Community Center membership or a

personal/professional development course voucher may be right up their alley. You can even go lower-budget and high-connection time with gifting a homemade dinner or a day trip to a cozy town nearby.

6. Buy a real Christmas tree.

Buy a real tree and then recycle your tree at the end of the holiday. Buying a real Christmas tree is more eco-friendly than having a reusable fake tree. Real trees are a renewable natural resource. During the time it takes a tree to grow, it is absorbing carbon dioxide, filtering the air, and releasing oxygen. It also provides habitat for songbirds and other wildlife.

This holiday season, consider being more sustainable and adopt a few (or all) of these suggestions. Not only will you feel better about doing your part for the environment, but it may save you some money as well.

Happy Holidays from your friends at Carmel Clay Parks & Recreation!

All 17 applicants get piece of \$500M in state READI grant funding

By Emily Ketterer eketterer@ibj.com

Seventeen regions representing all corners of the state will each get a slice of \$500 million in state-funded regional grants, with \$65 million going to regions in the Indianapolis area.

The Indiana Economic Development Corp. board, chaired by Gov. Eric Holcomb, awarded maximum grants of \$50 million each to five regions outside the Indianapolis area. Regions closest to Indianapolis received grants of \$20 million or less-all as part of the state's Regional Economic Acceleration and Development Initiative, or READI.

The White River region-consisting of Marion, Hamilton and Madison counties-is one of three central Indiana regions to receive a \$20 million grant. The 180 Alliance in Johnson, Morgan, Hendricks, Boone, Montgomery and Putnam counties, and Accelerate Rural Indiana in Shelby, Rush and Decatur counties also will get \$20 million.

A regional plan focused on Hancock County and eastern Indianapolis will receive \$5 million for projects dedicated to building quality of life in the area and creating housing, workforce training and infrastructure programs.

The proposals were judged based on their economic development potential, their focus on Indiana's rural communities, the degree of regional collaboration, and their alignment with the state's economic development priorities. Opportunities for population growth were also taken into account.

Mark Wasky, IEDC's vice president of innovation and strategic initiatives, said the IEDC recognizes central Indiana is where most of the state's growth is occurring. The goal was to not ignore the region, while also fostering growth in the rest of the state, he said.

"The thing that came across our minds was the need to invest in opportunities for growth, and with central Indiana being the largest regional economy in the state, we couldn't ignore that," Wasky said.

"We do hear ... quite often at the IEDC that there seems to be a focus on certain areas of the state. But at the end of the day, we're focusing on supporting as many communities as we can, in an effort to grow the state's population and continue and sustain our economic growth."

The White River Regional Opportunity Initiative had requested the full \$50 million for 15 projects designed to develop recreation opportunities, apartments and retail near the White River waterway, including Noblesville's Federal Hill District.

Noblesville Mayor Chris Jensen told IBJ the week before the announcement that, even if the region did not get the whole \$50 million, all 15 projects would still happen. He said the region was intentional in picking projects that were viable and needed, but not reliant on extra state government funding. Most of the projects outlined are already in the works with public and private investments.

"All these projects are viable and will happen and can happen on their own. It's just going to take some more strategic out-of-the-box thinking," Jensen had said. "We certainly can't go back to our

constituents and say, 'Oh, well, we didn't get this grant, so this massive, incredible project can't happen."

Economic development leaders in each of the regions will now have to decide how to spread the funding across all the projects in their plans. Jensen last week said his intent would be to spread the money awarded to the White River region equally among its 15 proposals.

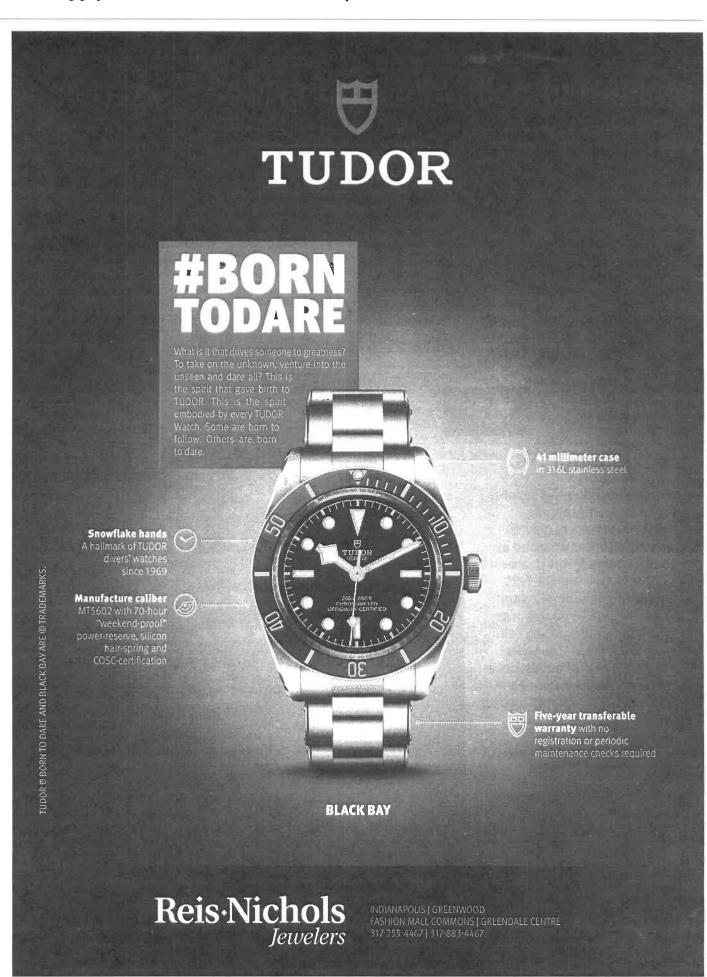

The grant request for the 180 Alliance in west central Indiana includes funding for a \$123 million mixed-use development at the soon-to-be Interstate 69 interchange at State Road 144. The White River Crossing project would cover 127

acres in Johnson and Morgan counties and include hotels, retail centers, a theater, medical services and a 300-unit multifamily housing development.

The partnership involving Shelby, Rush and Decatur counties and the city of Batesville envisions creating more quality housing, parks and community amenities to attract new residents and stem rural population loss. The plan includes 40 projects that total more than \$800 million, with a heavy focus on developing 13 housing complexes, from apartments to singlefamily subdivisions along the Interstate 74 corridor in Greensburg, Rushville, Batesville and Shelbyville.

The five regions to receive full \$50 million grants are northwest, northeast, southwest and southern Indiana, plus the South Bend-Elkhart area.

Overall, the 17 applications outlined hundreds of projects in urban and rural communities, from mixed-use developments, affordable housing, local downtown renovations and workforce training programs to new parks, trails, sports complexes and concert venues. Grant requests totaled more than \$1.5 billion, triple the amount available. Gov. Eric Holcomb told IBJ last week that he plans to seek more money for READI from the Legislature in 2023.•

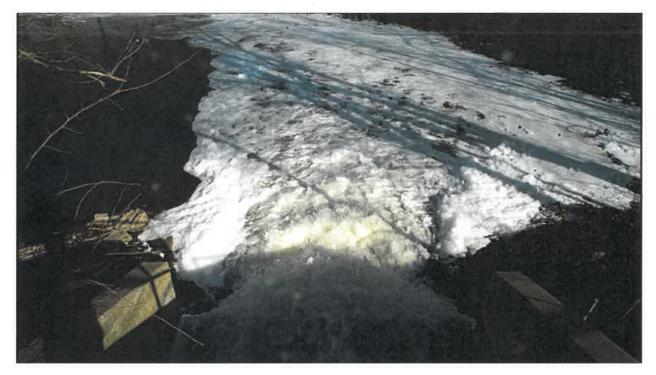

White River coalition gets \$20M of \$50M requested. Now it must decide what projects to cut

John Tuohy

Indianapolis Star

Published 6:29 a.m. ET Dec. 17, 2021 | Updated 12:10 p.m. Dec. 17, 2021

Central Indiana officials who proposed a slew of projects to help restore the White River were awarded less than half of \$50 million in state grants they sought, which could force some communities to scrap parts of their plans.

The <u>White River Regional Opportunity Initiative</u> will receive \$20 million in state Regional Economic Acceleration and Development Initiative dollars, or READI grants. The regional coalition includes Marion, Hamilton and Madison counties, and Zionsville and McCordsville.

White River advocates ask for \$50M for 7:Here's what they want to fund.

The Initiative had identified 14 projects in the White River watershed for which it sought partial funding, including expansion of the Federal Hills mixed-use project along the river in Noblesville; a <u>Connor Prairie/White River Trail</u> and educational center in Carmel; and nature park along the river in Fishers.

All of the projects are under construction or in planning and the grants would supplement some funding already in place.

"We would have liked the full request but \$20 million is nothing to turn your nose up at," Noblesville Mayor Chris Jensen said.

Local officials will now meet with the Indiana Economic Development Corporation, which administers the grants, in January to determine how the money will be distributed. The funds come from the COVID-19 federal <u>American Rescue Plan</u>, which has several guidelines on how it can be spent, said IEDC Senior Vice-president of Community Affairs Mark Wasky.

"There are limitations on these funds and we will have to work closely with communities to prioritize," Wasky said.

The IEDC had \$500 million available and accepted applications totaling \$1.5 billion from 17 regions representing every county across the state. The maximum request allowed was \$50 million and five regions were awarded the full amount.

Fierce competition

While the White River group's requests included large developments and recreational projects, several of the regions that got all \$50 million focused on programs and projects for blighted communities.

The Northeast Region proposal includes early learning programs, housing and a grocery store in underserved neighborhood; South Bend-Elkhart region includes a loan program for start-ups and minority student recruitment; the Our Southern region includes low-income housing, broadband and wastewater improvements.

Wasky said more than 25% of the \$15 billion in projects targeted affordable housing, both homes and apartments, and significant portion was also requested for broadband expansion and small business help.

The White River Alliance, by contrast, requested \$9 million to further build out the \$35 million <u>Village at Federal Hill</u>, a mixed use project with 163 apartments and businesses at State

Road 32 and State Road 19; \$4.3 million for a \$40 million McCordsville Town Center; and \$4.5 million to extend the Nickel Plate Trail from Fishers into Indianapolis.

Jensen said local officials were aware that they would be competing with regions that had more immediate needs than their requests.

"We are a fortunate region and have to go into these situations very well-prepared in order to compete," Jensen said. "They might have weighed other criteria, like programs, more heavily."

White River planners had agreed that whatever the allocation they received it would be distributed to all projects proportionally, said Noblesville Director of Community and Economic Development Sarah Reed.

That means Federal Hill could expect about \$4 million and the Fishers nature park at Allisonville Road and 96th Street could expect about \$3 million of its \$7.6 million request, for example.

But there's no guarantee that will be possible given the complicated restrictions on eligible project funding.

Projects could be nixed

Michael Klitzing, director at Carmel Clay Parks & Recreation, said any reduction in its requested \$7.3 million for expansion of the Carmel White River Trail at Conner Prairie could force the department to nix plans for nature educational center.

"We'd have to determine if it is still a viable project, even if we get half of what we asked," Klitzing said.

The educational center would be a joint project with Conner Prairie that focuses on history and ecology of the river, with a citizens science lab and programs.

He said extension of the trail, near 126th Street and the river, would not be threatened by a reduction in the grant.

Fishers might have to put off building a roundabout at the intersection of 96th Street and Allisonville Road as part of its nature park planning if it doesn't get the full grant, said Megan Baumgarten, director economic and community development.

"We'd have to modify our plan, which could include some park infrastructure," Baumgarten said.

But she said officials were pleased with the \$20 million.

"We knew it was competitive because the parameters definitely favored quality of life projects in rural and less developed areas," Baumgarten said. "We are lucky and fortunate we have a community with growing wages and population."

The whittling down will be easier for the White River region than some other regions, which submitted far more in project costs than what they were requesting, Wasky said. They will now have to decide which projects are and are not included.

The White River coalition pared down \$100 million in projects to the \$50 million before submitting its application, Klitzing said.

Reed said the Hamilton County Commission has committed \$1 million apiece to Carmel, Noblesville and Fishers from the county allocation of American Rescue Plan dollars. Noblesville will apply that to Federal Hill and Fishers to the White River park.

CARMEL COMMUNITY

Lifeguard honored for lifesaving efforts - The American Red Cross honored Carmel Clay Parks & Recreation lifeguard Matthew Selear with the organization's Dec. 8 Lifesaving Award at the Cardiac Arrest Survival summit held Dec. 8 for using his Red Cross training to save a man's life. In September, Selear was on lifeguard duty at the Monon Community Center when he was alerted to a man who fell unconscious on the basketball courts. He was relieved from his post and rushed to assess the gentleman's condition. The patron was not breathing and lacking a pulse. Selear immediately began chest compressions, provided automated external defibrillator support and continued rounds of CPR until the man regained consciousness.

Find the elf at Needler's – Now through Dec. 24, children who spot Mistletoe the Elf hiding inside Needler's Fresh Market at 4755 E. 126th St. will earn a treat. Look for clues on Needler's Facebook page at Facebook.com/NeedlersFreshMarket.

Region granted \$20M through READI – The White River Regional Opportunity Initiative has been awarded \$20 million through the Indiana Regional Economic Acceleration and Development Initiative. Hamilton, Marion and Madison counties partnered with the City of Zionsville and City of McCordsville to submit a plan that enhances opportunities along the White River. Learn more at IndianaREADI.com.

Recycle live holiday trees - Recycle your live, decoration-free holiday tree from noon to 4 p.m. Jan. 2, 2022, in the Westermeier Commons parking lot at Central Park. Those who bring a tree will receive a free warm beverage. Carmel Clay Parks & Recreation will recycle the tree into mulch to be used in the community.

Mission Possible scholarship winner – Carmel resident Renuka Bajpai, a freshman at the Indiana University Lilly Family School of Philanthropy at IUPUI, received a \$1,000 scholarship for finishing in third place in the school's Mission Possible competition, which recognizes students whose presentations demonstrate passion for a cause and a commitment to pursuing a future in philanthropy. Bajpai aims to help veterans with PTSD by connecting them with resources and reduce suicide rates.

Holiday trash, recycling schedule — Trash and recycling residential services in Carmel will not be delayed by Christmas and New Year's Day. Both holidays fall on a Saturday, which is not a normal service day. Residents should place their trash and recycling out on their normal day of the week.

Scholarship awarded – Alivia Gaskins of Carmel has received the Carmel Family Conservatory Scholarship at Baldwin Wallace University. Gaskins is a Carmel High School graduate majoring in music education.

Commissioner named vice president — Hamilton County Commissioner Mark Heirbrandt was elected 2022 vice president of the Indiana Association of County Commissioners during the organization's annual conference. Heirbrandt will be vice president of the IACC's board of directors, which determines policies and legislative goals for the association.

Carmel offers ways to make Christmas 'greener' this year

POSTED BY: THE REPORTER DECEMBER 24, 2021

The City of Carmel invites you to responsibly recycle your tree with Carmel Clay Parks & Recreation. From noon to 4 p.m. on Sunday, Jan. 2, visit the Westermeier Commons in Central Park, 920 Central Park Drive West, to drop off your decoration-free holiday tree to be mulched and receive some treats as a thank you.

Alternatively, the city's Republic Services trash program includes pick up of one Christmas tree per home. The tree will be collected on the customer's regular service day during the first two weeks of January. Please remember:

Trees must be cut in sections four feet long or less. If the tree section is longer than four feet, it will not fit into the cage at the top of the truck.

FOLLOW US ON FACEBOOK

- Cut all trees that are taller than four feet, in half.
- Remove all tree bags, ornaments, tinsel, stands and lights.

Carmel Clay Schools Green Teams, City of Carmel Utilities, Tech Recyclers and White's Ace Hardware are working together to make it a green holiday season by offering a Holiday Light Recycling Drive.

Now through Jan. 20, residents can recycle used and unwanted holiday lights at White's Ace Hardware at 731 S. Range Line Road. The Carmel Clay Schools Green Teams will offer recycling at the individual schools now through Jan. 6.

For more information about the Holiday Lights Recycling Drive, please contact Kelli Prader at the City of Carmel Utilities department by calling (317) 571-2673.

CARMEL COMMUNITY

Lana Ramer figured a holiday tree recycling event was a great fit for Carmel Clay Parks and Recreation's sustainability mission.

"I was inspired by the work some other parks departments are doing, (like) Philadelphia, New York City, to mulch holiday trees, and suggested the idea," said Ramer, CCPR volunteer coordinator. "As CCPR is on a path to be the community's leader in sustainability and nature stewardship, our management was enthusiastic about bringing this opportunity to Carmel."

CCPR will hold a free holiday tree recycling event from noon to 4 p.m. Jan. 2 at Carmel's Central Park Westermeier Commons, 920 Central Park Dr. W. Anyone dropping off trees will receive a treat.

Lana Ramer

PETE New Furi

"Since this is our first time doing it, we do not have goals in terms of hard metrics, number of trees recycled, volume of mulch," Ramer said. "Our goal is to bring the community together and to educate the public on the importance of responsibly disposing of the trees. Our team recently returned from a continued education training where they learned of invasive hemlock aphids that are making their way into Indiana on holiday trees and wreaths. It is our hope to divert these trees/wreaths from being left in parks and natural areas and lessen the spread of the invasive insects, so our goals would be community cohesion and sustainability education."

Ramer said the event is open to people who live outside of Carmel.

"We want everyone to be able to get in on the fun, do the right thing, learn about responsible sustainable behavior, have a treat and experience our flagship property," Ramer said.

Ramer said the event is only to collect live trees, wreaths and mantel garlands.

"It's not a plastic tree recycling event," Ramer said. "The trees will be turned into wood chips. All trees, wreaths and garlands must be free of decorations. No lights, tinsel, or wire."

Ramer said visitors are encouraged to enter Central Park from the College Avenue entrance to ensure a smooth flow of traffic. Registration is not required.

Bird's eye view: Redevelopment, road projects, elections on the horizon in 2022

BY ANN MARIE SHAMBAUGH ON DECEMBER 28, 2021

CARMEL COVER STORIES

2022 looks to be another busy year of construction projects in Carmel, with several redevelopment projects set to rise from the ground and, of course, more new roundabouts.

The City of Carmel and Carmel Clay Schools will see leadership changes in key positions, and additional change could come at the county and state level with elections in November.

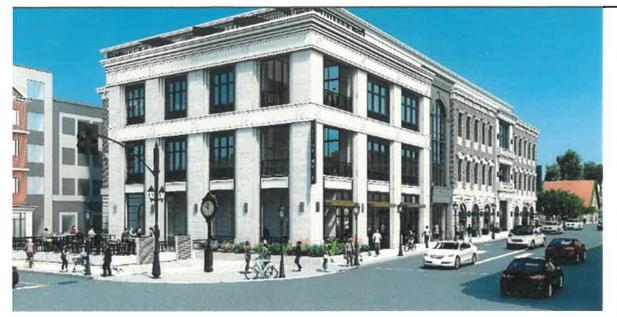

View of the office building from the corner of Range Line Road and Main Street. (Rendering by Architects Forum)

1st on Main

It took a bit longer than originally projected to begin the 1st on Main mixed-use redevelopment on the northeast corner of Main Street and Range Line Road, but construction is under way and will continue through 2022.

The \$47 million project isn't expected to be complete until mid-2023, but next year should see substantial progress, especially on the 310-space parking garage and four-story office building with first-floor restaurant space.

The city will remove the Rotary clock during the project but is working with the same contractor that originally installed it to reinstall it at the end of construction, according to Carmel Redevelopment Commission Director Henry Mestetsky.

"We want to keep it as safe as possible during construction," he said.

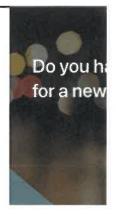

Magnolia

Construction on the condominium portion of the Magnolia redevelopment project on the southeast corner of Range Line Road and City Center Drive began in late 2021. Mestetsky anticipates some of the condos to be complete in 2022.

The 30 condos in six buildings will be east of a multi-family building set to be built where the Mohawk Landing shopping center and its parking lot sits now.

Mestetsky said he does not know when the Mohawk Landing building, which still houses several retail and restaurant tenants, will be demolished, but he said it could happen in late 2022 or sometime in 2023. The city purchased the shopping center in 2017 for \$2.8 million, in part to make way for a new roundabout.

The CRC is partnering with Old Town Companies on the project.

ABOUT

Proscenium II is proposed on the northeast corner of Range Line Road and Carmel Drive. (Rendering courtesy of the City of Carmel)

Proscenium and Proscenium II

The Proscenium mixed-use development was originally expected to be complete before 2022, but supply chain disruptions and other issues have led to delays. The \$60 million project includes 197 apartments, 22 for-sale condos, office and retail space and a parking garage. Novo Development Group is developing the project with the CRC.

Most portions of the project are complete, with the multi-family units on the west side of the development among elements expected to be finished in 2022. Additional retail and restaurant tenants are likely to be announced in 2022.

The city also is working with Novo on the Proscenium II, which will be built across Range Line Road north of the Kroger grocery store. The first step, demolition of the former Walgreen's building, is expected in 2022.

"That Walgreens has been a non-Walgreens for a long time," Mestetsky said. "it's cool to see this kind of development jump across Range Line but still respect the neighbrhood-style development (on that side of the road)."

Proscenium II is planned to include 48 luxury apartments, seven for-sale condos, office and retail space and a 120-spot parking garage.

Civic Square garage

The city is building a garage in Civic Square just north of the CPD headquarters that will be wrapped with condominiums designed by Onyx + East. The 300-space garage will have solar panels on its roof, electric vehicle charging and a counter that will alert those wanting to enter the garage if space is available.

"It's going to be our most high-tech garage we've ever done in this city," said Mestetsky, adding that the city is considering retrofitting older garages with some of the new technology.

Construction is expected to begin in early 2022 and be complete midyear.

Garden expansion

A project to triple the size of the Japanese garden behind Carmel City Hall is expected to be complete by fall.

Besides expanding the pond to Carmel Drive, upgrades include green space, new structures and an island.

CFD, CPD headquarters

CURRENT CARMEL V FISHERS V GEIST V NOBLESVILLE V WESTFIELD V ZIONSVILLE V NIGHT & DAY V MORE V ABOUT

was delayed by supply chain issues.

Work will begin in 2022 to expand the CPD headquarters, a project that includes space for city court and many other upgrades.

City Center nearly complete

The City of Carmel announced a partnership with developer Pedcor in 1997 to redevelop 88 acres at Range Line Road and 126th Street, and in 2022 the massive mixed-use project will be nearly complete.

"The last two buildings in City Center, after 20-plus years, are under construction and will be built, which will really surround Carter Green and make it feel very much like a very traditional town center," Carmel Mayor Jim Brainard said.

Work is under way on the Wren building, and construction of the final building, Windsor, is expected to begin in 2022.

A three-story museum is planned to replace the Carmel Clay Historical Society's aging archive building at 211 1st St. SW. Architectural plans for the museum are preliminary and subject to change based on available funding. (Rendering courtesy of CCHS)

CCHS museum

Construction is expected to begin in 2022 on a three-story Carmel Clay Historical Society museum to replace its aging archive building in a prime spot along the Monon Greenway.

The 15,000-square-foot museum is designed to have space for galleries and exhibits, community meeting space, public restrooms, archives, a gift shop and a rooftop garden that can be rented out for private events. The historic Monon Depot Museum, which served as a train depot from 1883 until 1974, will remain in place to the north of the building.

Orthopedic hospital to open

The Fransciscan Health Orthopedic Center of Excellence at 106th and Illinois streets is set to open in early 2022. The project is a partnership between Forté Sports Medicine and Orthopedics and Franciscan Health and will include a hospital, surgery center, medical office building and parking garage.

Ongoing redevelopment projects

Several projects will be under construction in 2022 with anticipated completion dates in 2023. They include the Republic Airways corporate headquarters and training facility at the former Hamilton Crossing retail center at U.S. 31 and Carmel Drive; The Corner, a mixed-use development by Kite Realty being built on the southeast corner of 116th Street and Range Line Road; The Signature, a mixed-use project by Tegethoff Development on the northeast corner of Old Meridian and Main streets; and Mélange, which includes multistory brownstones and single-level condominiums by Onyx + East at Veterans Way and Monon Green Boulevard.

County, state elections

Several elected offices will be on the ballot in 2022, with the primary set for May 3 and Election Day on Nov. 8.

Local offices on the ballot include Hamilton County recorder, sheriff, coroner, assessor, clerk of the circuit court, county commissioner District 1, county councilor Districts 1-4, Clay Township trustee and three township board positions.

Federal and state positions up for election include U.S. Senate; U.S. Rep. District 5; Indiana secretary of state, auditor and treasurer; state senate Districts 21, 29 and 31 and state representatives 24, 29, 32, 37, 39 and 88.

The three seats representing districts on the Carmel Clay Schools board of trustees, currently held by Layla Spanenberg, Jennifer Nelson-Williams and Mike Kerschner, will be on the ballot in the November election. School board candidates do not declare a party or run in a primary.

Carmel Clay Schools

Major construction projects will continue or begin in 2022 at Carmel High School, with the renovation and expansion of the performing arts center and an expansion of the natatorium.

CHS Principal Tom Harmas will retire at the end of the 2021-22 school year, and CCS is aiming to name his replacement by early April.

CPD chief to retire

2022 is expected to bring some changes at key leadership positions in the City of Carmel and Carmel Clay Schools.

Carmel Police Dept. Chief Jim Barlow has announced he will retire on Jan. 7, 2022. He has served with CPD for 38 years and has been chief for five years. He served as a firearms instructor for more than 30 years and spent 20 years on the SWAT team.

Brainard has appointed Deputy Chief Jeff Horner as the department's next chief. Horner has 28 years of experience in law enforcement with CPD. He received his bachelor's degree from Ball State University and is a graduate of the FBI National Academy.

Parks projects

West Park is set to fully reopen in the spring of 2022 with a new playground and splash pad. The \$6.2 million project was originally expected to be complete in 2021, but Carmel Clay Parks & Recreation Director Michael Klitzing said delays in obtaining permits slowed the project from the start. Work also has been affected by supply chain issues and labor shortages.

Work to upgrade Meadowlark Park with a new playground and pickleball courts is expected to be complete by Memorial Day.

Inlow Park is receiving an updated and relocated splash pad to be built closer to the existing playground, two pickleball courts, expanded parking and a new restroom building. The \$2.3 million project is expected to be complete by spring.

River Heritage Park is set to close in the spring for renovations that include a wheelchair-accessible nature trail, relocated shelter, multigenerational fitness area and updated playground. The park is expected to reopen by the end of the year.

Carmel Clay Parks & Recreation will continue work to develop three future parks: Bear Creek Park in northwest Carmel, Thomas Marcuccilli Nature Park in northeast Carmel and a new park on the site of the Orchard Park Elementary building.

Monon Greenway improvements

The city is working with Clay Township to improve the Monon Greenway between City Center and Gradle drives, with preliminary construction set to begin in early 2022.

CURRENT CARMEL Y FISHERS Y GEIST Y NOBLESVILLE Y WESTFIELD Y ZIONSVILLE Y NIGHT & DAY Y MORE Y ABOUT

Road projects

The city is still finalizing the full list of road projects for 2022, but announced projects include construction of a roundabout at 116th Street and Medical Drive, which will begin in the spring; the continued reconstruction of Range Line Road between 116th Street and Carmel Drive; reconstruction of Smoky Row Road; and the continued burial of Duke transmission lines throughout the Arts & Design District.

These 3 Carmel parks will reopen in spring 2022 with \$12M improvements

Brittany Carloni

Indianapolis Star

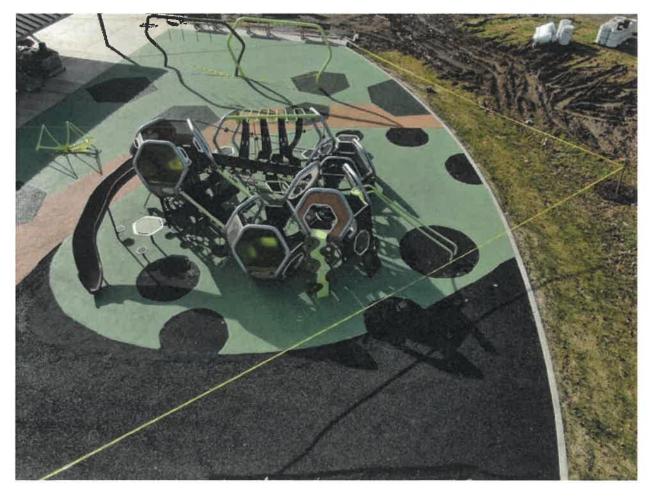

Published 5:16 a.m. ET Dec 28, 2021

Transformations are in progress at three Carmel parks, which are expected to reopen to the public in spring 2022.

More than \$12 million in improvements are planned across Meadowlark Park, Lawrence W. Inlow Park and West Park in the city. Upgrades at the parks include artistically-designed playgrounds, new splash pads and pickleball courts.

All three parks are temporarily closed until the improvements are complete next year.

The majority of the funds for the projects have come from the Clay Township impact program with an additional boost of support from the Carmel Clay Park Board.

Michael Klitzing, the Carmel Clay Parks Director, said he can't wait to see the reimagined parks open to the public next year.

"Just to see the transformation that we'll be making to all three of these parks," Klitzing told IndyStar. "Each of them, especially Inlow and West Park, people made incredible memories in what we had there before. They were special places. We're just raising the level of experiences that we're providing here."

Here is what's planned at the following Carmel parks to reopen in 2022.

Meadowlark Park

Address: 450 Meadow Lane

Cost of Improvements: \$3.5 million

<u>Meadowlark Park</u> is a 19-acre space behind apartments on Main Street in Carmel, near the Art & Design District. The park was developed in 1995. It closed in April for improvements.

The park's transformation will include new restrooms, public shelters and spaces to rent, additional parking, outdoor pickleball courts, repaved trails and an accessible fishing pier.

In addition, the park will feature <u>a new playground</u>. Carmel Clay Parks & Recreation worked with designers and architects to make it unique, Klitzing said.

"We wanted to make sure that our playgrounds are magical," Klitzing said.

"It's going to have this cool center structure that is kind of an artistic representation of a tree," he said.

Lawrence W. Inlow Park

Address: 6310 E. Main St.

Cost of Improvements: \$2.5 million

<u>Lawrence W. Inlow Park</u>, off Main Street and Hazel Dell Parkway in Carmel, is popular for its playground and splash pads. It was established between 2000 and 2001.

Improvements underway at the 16-acre park are the second phase of upgrades. A new playground was installed a few years ago, causing visitors to skyrocket, Klitzing said.

This second phase of transformations to Inlow Park include additional parking, new restrooms, new pickleball courts and a new splash pad.

<u>The reimagined splash pad</u> will have shade features, water-dumping structures and a waterslide with a waterfall.

"Kiddos can actually get underneath and behind the waterfall and it's specifically designed so a child in a wheelchair can get behind it," Klitzing said. "We're very excited about that."

West Park

Address: 2700 W. 116th St.

Cost of improvements: \$6.2 million

West Park is one of Carmel's largest parks at 120 acres, only behind Carmel's Central Park. The park was established in 2002 and much of it has been closed since August 2020 due to the improvements underway.

<u>Renovations to West Park include</u> an improved splash pad, upgraded restrooms and picnic shelters and an expanded parking lot.

During the planning process, Carmel Clay Parks & Recreation sought input from focus groups at local elementary schools near West Park, Klitzing said.

One of the signature pieces of West Park is Jill's Hill, which is often enjoyed as a sledding hill in Winter. Carmel Clay Parks will use the hill and water as themes for the new splash pad and play features designed as waterfalls and geysers, Klitzing said.

"What we're doing is, if you think of Jill's Hill as the mountain, we're creating the foothills or a canyon, or a ravine, which is where the new splash pad will be located," he said.

City of Carmel using its ARPA funds for premium pay, street paving

FOLLOW US ON SOCIA

BY ANN MARIE SHAMBAUGH ON JANUARY 3, 2022

CARMEL COMMUNITY

The City of Carmel is using the first half of the \$7.5 million it received through the American Rescue Plan Act to provide premium pay for city employees who worked on-site through the pandemic and to pave city streets.

The second half of the funds is expected to be received later this year, and the city expects to designate them for similar purposes.

The council recently approved plans to allocate more than \$1 million in premium pay for eligible city employees and nearly \$112,000 for eligible Carmel Clay Parks & Recreation employees. The premium pay, as defined through the act, is for employees who worked on-site "needed to maintain continuity of operations of essential critical infrastructure sectors and additional sectors" as determined by the governor.

In Carmel, 633 employees in all departments received premium pay, which was given to those who worked on-site between March 24, 2020, and May 2, 2021. The premium pay provided an extra \$2 per hour for each hour worked on-site, but up to 2 percent of an employee's 2021 annual base salary.

"We had a lot of city employees, who, by nature of their jobs, were exposed (to the risk of contracting COVID-19)," Carmel Mayor Jim Brainard said. "We wanted to reward all our employees who work hard and do a good job for our community."

The city is allocating more than \$2.6 million for infrastructure projects, including regularly scheduled repaving of city streets. Using ARPA funds for this purpose will allow the city to boost the amount available in its general fund.

"We have tens of millions in operating balances at the end of most years," Brainard said. "It is important to keep those balances for good bond ratings, which keeps our interest rates low when we issue bonds."

Dan McFeely, a spokesman for the City of Carmel, said ARPA funds may be used to pay for general infrastructure based on a provision in the act that allows cities to use ARPA funds to replace revenue lost as a result of the pandemic. McFeely said because of many variables the city does not have an estimate on how much revenue it has lost because of COVID-19.

Martin Brown, program manager for the National League of Cities Center for City Solutions, said ARPA funds are "not intended primarily" for roadway projects but that they could be considered eligible as an infrastructure project. For example, he said he recently heard of a city using the funds to pay for streetlights aimed at reducing community violence.

"In general, this is one of the most flexible federal programs with direct aid to local governments, cities, towns and villages," Brown said. "It was designed in that way intentionally to allow cities to best recover from devastating impacts from the pandemic and address any standing inequalities that exist in those communities that were further exacerbated or fomented by the pandemic."

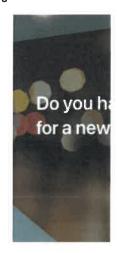

City of Carmel using its ARPA funds for premium pay, street paving • Current Publishing

The city received nearly \$3.4 million in COVID-19 relief funds in 2020, mostly through the CARES Act, which funded COVID-19 testing, personal protective equipment and pay for first responders. The city has received nearly \$44,000 from FEMA this year to cover overtime pay for the Carmel Fire Dept.

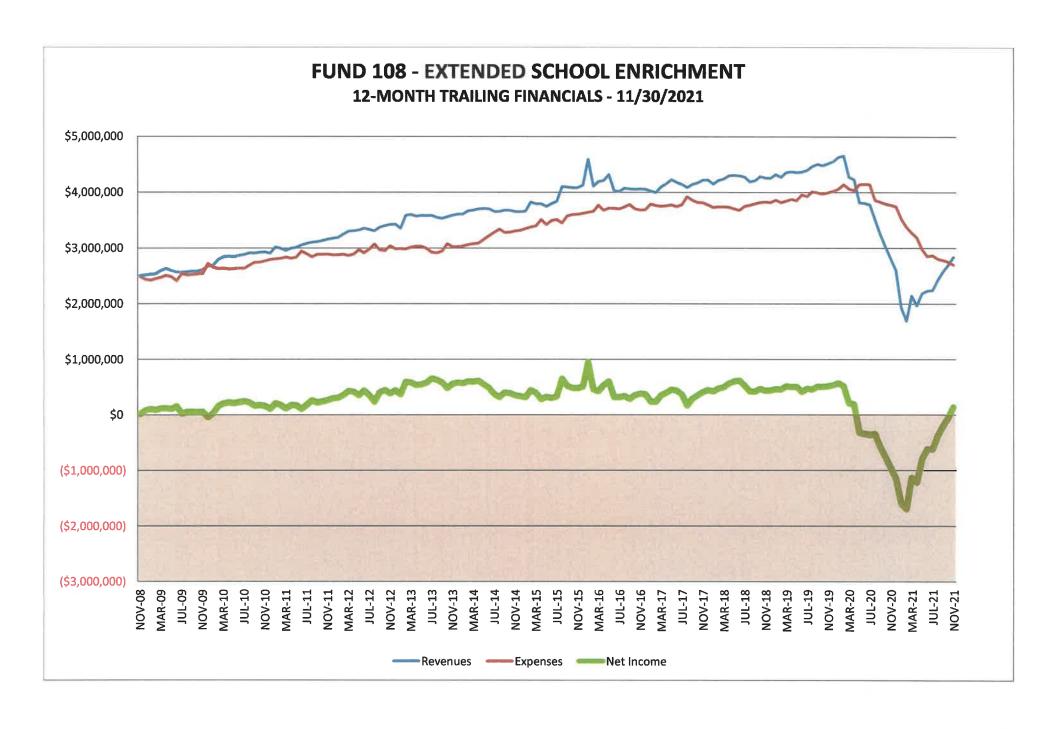

CCS receives \$3.4M in federal relief

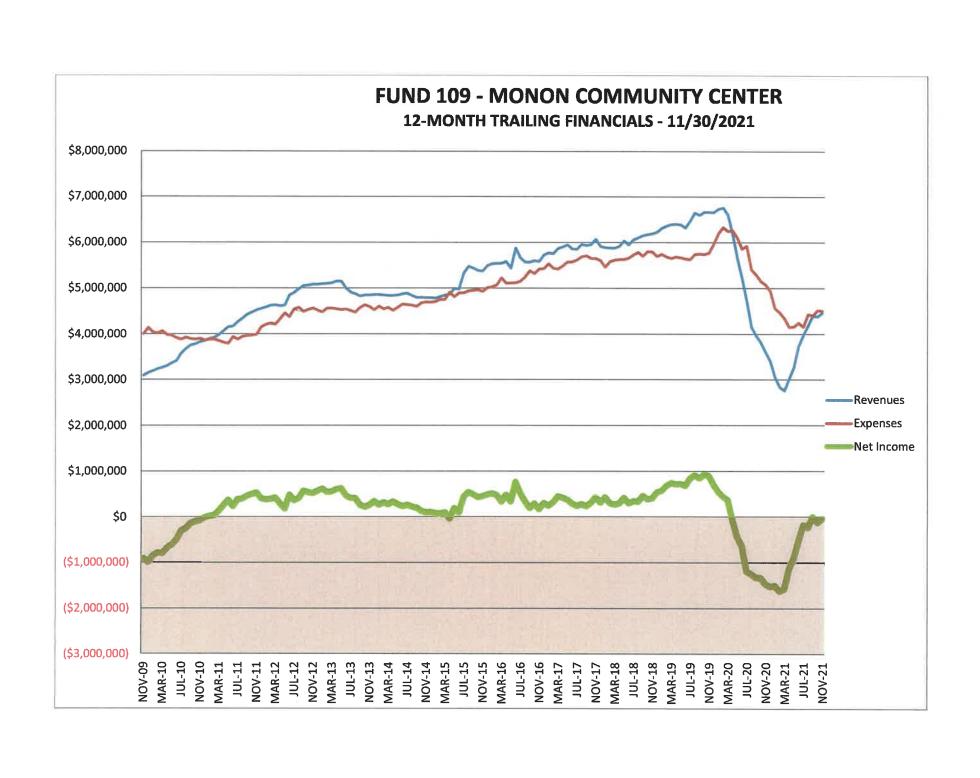

Carmel Clay Schools has received more than \$3.4 million in federal funding through the Elementary and Secondary School Emergency Relief program. The district used the \$1.2 million it received in the first two rounds of funding to purchase software licenses to support virtual learning, provide before and after school remediation service and add intervention teachers.

CCS used \$2.2 million received in the third phase of the program to hire teachers and instructional assistants, pay for COVID-19 contact tracing, provide an Educare workers subsidy, purchase masks and hand sanitizer, and upgrade technology.

Monthly Division Report - December 2021

Participation Rates/Total Passholders

For the month of December, the Recreation & Facilities team remained in normal operations. The Indoor Activity Pool, KidZone and East Building remain open during key traffic periods, and not fully back to normal operating hours. Appointments were still required for KidZone and Group Fitness Classes. Fitness equipment update: Scheduled to have a Treadmill demo occur in January for members to help give feedback on potential new treadmills for capital replacement. We have started to observe an increase in facility usage now that the weather has started to shift colder.

Total Member Participation for December:

SOCIAL MEDIA

SUMMARY OF SOCIAL MEDIA PLATFORMS

FACEBOOK

Posts on Facebook are directed toward local parents and families as well as visitors.

INSTAGRAM

Posts are passionate and informational for women ages 25-44 located in Indianapolis and Carmel.

TW/ITTFR

Messages are directed toward business, news outlets, and community organizations.

YOUTUBE

Video platform where followers are mainly females ages 55 and older.

LINKEDIN

Messages are directed toward CCPR staff, potential staff, and industry professionals.

PRIMARY CROSS-CHANNEL METRICS

This month, Marketing saw the following numbers across all five social media platforms:

KEY PERFORMANCE INDICATOR	RESULTS
Total Posts	49
Total Engagement (number of interactions on posts)	1,516
Total Audience (number of followers across all platforms)	30,290
Net New Audience (number of new followers across all platforms)	35
Total Reach (total number of people who saw content)	49,018

Beautiful pond, serene and close. Fall is here along with happiness. Nice

Christmas walk.

- Michael Rhoads, Google Review of Prairie Meadow Park

Small little rustic place. Well preserved walking trails along the creek. People come fill their drums with well water. It's pure and tasty.

- Muktanil Duttaroy, Google Review of Flowing Well Park

Created: 1/3/2022

Marketing Report | December 2021 | 6

December 2021

General, Administrative, and Contractor Support

- H.I.P. committee meetings to support Operations and Educations groups including GIS options
- CCPR culture initiative focused on team building with Recreation & Facilities Division for 4th qtr
- PNR division cultural initiative with holiday pitch in and white elephant gift exchange
- Supervisory staff completed Evaluation Analysis Training
- Recruiting and interviewing for multiple full time and part time vacancies
- Project site coordination and management supporting:
 - PNR office renovations
 - o Bear Creek Park master planning and preliminary management
 - o Clay Township projects @ Meadowlark Park, West Park, Lawrence Inlow Park
 - O White River Greenway corridor expansion and partnerships
 - City of Carmel & Clay Township Monon Greenway expansion projects south of City
 Center Drive & Japanese Garden and capital maintenance on the larger corridor

Natural Resource Management & Stewardship Programming

Invasive Species Management

- Dorrie Keyes gave 15.5!!! hours removing previously mapped invasives at Cherry Tree Park
 - Dorrie targeted wintercreeper (See Fig. A below) to be cut and treated. Our Volunteer
 Coordinator supported the removal with stump treatments.

Fig. A Wintercreeper at Cherry Tree Park

Carmel • Clay Parks&Recreation

PARKS & NATURAL RESOURCES DIVISION MONTHLY REPORT

- Betty Wills gave 4.75 hours mapping invasives for future removal in Central Park East.
 - o Betty targeted Canada thistle (Fig. B), Bush Honeysuckle (Fig. C), Japanese Honeysuckle (Fig. D), and Cattail (Fig. E). The targets will be managed as they are prioritized by either staff, volunteers, or contractors as part of our 3 pronged attack.

Fig. B Thistle along Interurban Trail just south of 116th St

Fig. C Bush Honeysuckle along east and west side of Monon Greenway, north of Central trailhead

Fig. D Japanese Honeysuckle mapped north of lagoon area just West of the Monon

Fig. E Cattails mapped north of lagoon area just West of the Monon

Citizen Science Highlights

Monitor Category	# Volunteers	Hours	Species Observations
Bird Monitor	8	33.77	1,797 total birds
Nestbox Monitor	n/a	n/a	Out of season
Water Quality Monitor (HRSM)	6	21	n/a
Invasive Plant Monitor	2	20.25	4
Native Plant Monitor	1	n/a	110
Mycology	1	3.5	n/a
Totals	18	78.52	1,911

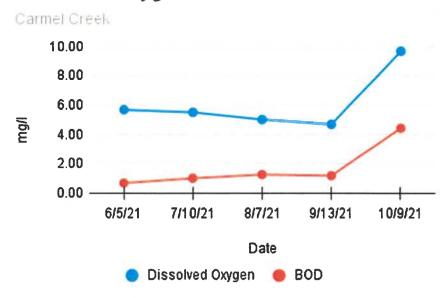

- Crystal Renskers surveyed Prairie, Upland Woods, and Riparian plant communities in Bear Creek Park in 2021. She identified 110 total species of which 89 were native and 21 were non-native.
 - o 52 forbs; 12 grasses; 2 rush; 10 shrubs; 26 trees; 8 vines
- Caitlin May (former PNR intern) gave the department 3.5 hours planning the Mycology program schedule for 2022 and reaching out to potential guest speakers.
- Hoosier Riverwatch Stream Monitoring Summary
 - o 6 Citizen Scientists contributed 21 total hours monitoring Carmel Creek in Central Park and Cool Creek in Flowing Well.

2021 Carmel Creek Year-end Data

This graph shows pH levels over time at Carmel Creek from June to October. The pH test is one of the most common analyses in water testing. Aquatic organisms generally are sensitive to pH, especially during reproduction. A pH range of 6.5 to 8.2 is optimal to most organisms.

Dissolved Oxygen & BOD over Time

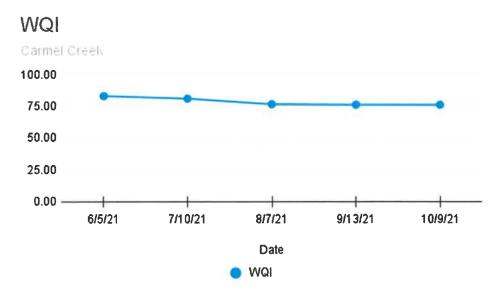

This graph shows the Dissolved Oxygen (DO) and Biochemical Oxygen Demand (BOD) levels over time at Carmel Creek from June to October. Dissolved Oxygen is the amount of oxygen found in the water. Dissolved oxygen is essential to healthy streams to support aquatic plant and animal life. Generally, a higher dissolved oxygen level indicates better water quality. If dissolved oxygen is too low, many organisms, like macroinvertebrates, cannot survive. Although different levels of DO are required for various aquatic life, Indiana's average for DO is 9.6 mg/L. The state's Water Quality Standard is 4.0 mg/L – 12.0 mg/L and we fall within that standard.

BOD is another measurement we take after water sampling. BOD is the measurement of oxygen used by bacteria to decompose a waste. This measurement is over 5 days, so we collect the water and let it sit for 5 days before we take a measurement reading. Indiana's average BOD is 2 mg/l. Our levels are mostly in the 1 range besides October that is much higher at around 4 mg/L but this is still considered in a fairly clean range with some organic waste. A high BOD level can indicate a lot of bacteria in the water. High levels also indicate excess nutrients (often sourced from fertilizer and waste). The temperature of the water can also contribute to high BOD levels sometimes. As the temperature of water increases, photosynthesis by algae and other plant life increases. In general, high DO and low BOD is the ratio we want to strive for, so our results are favorable.

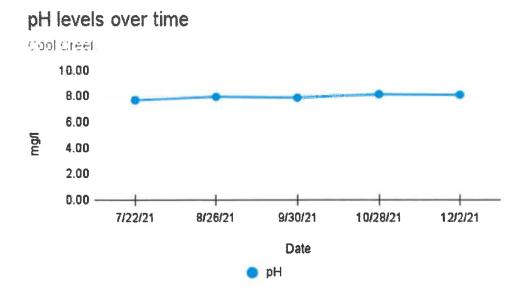

A healthy stream has high DO levels and low BOD levels. The spike in DO from September to October is interesting and could be attributed to a drop in temperature between testing (moving into fall) or less plant growth and decaying organic material. We could expect as we move into colder weather, the BO and BOD will be much lower as it gets colder, and water will be holding more oxygen in general.

The Water Quality Index (WQI) is a measurement that expresses overall water quality at a certain location and time based on several water quality parameters including pH, temperature, turbidity, species of macroinvertebrates detected, etc. A WQI within this average range of 75-85 is favorable.

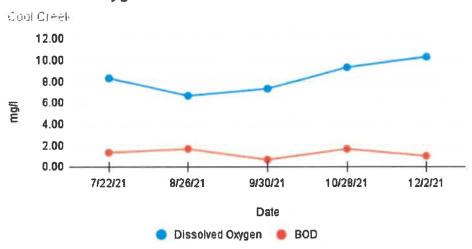

2021 Cool Creek Year-end Data

This graph shows the pH levels over time at Cool Creek from July to December, which is very consistent over time. The pH test a common analyses in water testing. Aquatic organisms in general are sensitive to pH, especially during reproduction. A pH range of 6.5 to 8.2 is optimal for most organisms.

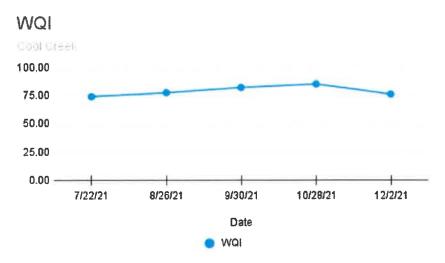

This graph shows the Dissolved Oxygen (DO) and Biochemical Oxygen Demand (BOD) levels over time at Cool Creek from July to December. Dissolved Oxygen is the amount of oxygen found in the water. Indiana's average for DO is 9.6 mg/L. The state's Water Quality Standard is 4.0 mg/L – 12.0 mg/L.

BOD is the measurement of oxygen used by bacteria to decompose a waste. Indiana's average BOD is 2 mg/L. Our levels are between the 0-2 which is considered in a clean range with some organic waste. In general, high DO and low BOD is the ratio we want to strive for, so our results are favorable.

The Water Quality Index (WQI) is a measurement that expresses overall water quality at a certain location and time based on several water quality parameters including pH, temperature, turbidity, species of macroinvertebrates detected, etc. A WQI within our range shown is satisfactory.

CCPR Volunteer Program Outreach and Engagement Summary

Hours of volunteer service

Program Category	Hours	Time Sheets
Adaptive	3	1
MCC programs	0	0
ESE	0	0
Park Stewardship (Adopters, Independent Service)	24	7
Citizen Science	78.52	33
Totals	105.52	51

Adopt-A-Park

- o We had a total of 24 hours of service this month as our parks start to rest for the season
- Nicole Sipe gave 1 hour cleaning up litter on the Monon Greenway south of 111th St
- Judah Doupe gave 4 hours cleaning and removing invasives in Central Park East
- o National Charity League gave 10 hours picking up litter and beautifying West Park
- o RE317 gave 5 hours cleaning up Monon Greenway at the North Trailhead
- Sewa International gave 4 hours supporting Founders Park

Donations of Goods & Services (total value \$521) in preparation of Volunteer Appreciation

- Donation from Indianapolis Indians 4 complimentary tickets (\$68 value)
- Donation from Laser Flash 8 game vouchers (\$160 value)
- O Donation from the Bridgewater Club foursome of golf with carts (\$180 value)
- Donation from Urban Vines tasting experience (value \$15)
- Donation from Indiana State Museum 2 complimentary tickets (\$28 value)
- O Donation from Bub's Burgers 2 gift cards (\$40 value)
- Donation from Eiteljorg Museum 2 complimentary tickets (\$30 value)

STAFF RECOMMENDATION:

"I move to approve the minutes of the Park Board Meeting on December 14, 2021."

Carmel/Clay Board of Parks and Recreation Tuesday, December 14, 2021, 6:00 p.m. John W. Hensel Government Center 10701 North College Avenue Carmel, Indiana 46280

Member(s) Present: Jessica Beer, James Garretson, Louise Jackson, Joshua Kirsh, Jenn Kristunas, Linus Rude,

Rich Taylor, Mark Westermeier, Lin Zheng

Member(s) Absent: None

Others Present: Michael Klitzing, Department Director/CEO; Kurtis Baumgartner, Department

Assistant Director/COO; Jonathan Blake, Administration & Planning Director; Brian

Bosma, Park Board Attorney

NOTE: There is no recording of the Park Board meeting on December 14, 2021 due to unforeseen technical issues. The Park Board minutes reflect all formal actions. Comments and/or discussions throughout the meeting are not included in the minutes.

Roll Call; Call to Order & Pledge of Allegiance

After roll call, Board President Taylor called the meeting to order at 6:02 p.m.

Public Comments

The following individual addressed the Park Board.

Terrence Kunstek, Zionsville, Indiana

Mr. Terrence requested that the Park Board consider purchasing the former Altum's Nursery on North Michigan Road to convert it into a park or nature preserve. A land developer is proposing to construct a "high-density" residential apartment complex on the site, and he does not feel this is an appropriate use for the property.

Staff Reports

Assistant Director Baumgartner said that staff reports were included in the Park Board packet.

Committees

Finance Committee

The Finance Committee did not meet last month.

Nominating Committee

Board President Taylor appointed Ms. Zheng, Dr. Beer, and Mr. Rude to the Nominating Committee to consider board officer positions for 2022.

Minutes

November 9, 2021 Park Board Meeting

Mr. Rude made a motion to approve the minutes as submitted, seconded by Ms. Kristunas, and unanimously passed 9 – 0.

Financial Reports

Consolidated Financial Report for October 2021; CCPR P&L Statements for November 2021

Ms. Zheng made a motion to approve the Consolidated Financial Report for October 2021 and CCPR P&L Statements for November 2021 a submitted. The motion was seconded by Ms. Kristunas and unanimously passed 9-0.

Claims

Claim Sheet December 14, 2021; Clay Township Claim Sheet December 14, 2021; CCPR Payroll for November 5, 2021, November 12, 2021, and November 19, 2021

Ms. Zheng made a motion to approve the Claim Sheet; Clay Township Claim Sheet; and CCPR Payrolls as submitted, seconded by Mr. Rude, and unanimously passed 9-0.

Monetary Gifts, Grants, Partnerships, and Sponsorships for November 2021

There were no items to report for November 2021.

New Business

Discussion of Department's Proposed Mission and Vision

Jylian Riches, Marketing & Communications Director, presented proposed revisions to the CCPR Mission and Vision. She explained the purpose behind the changes and the creative process in which staff participated to develop the updated statements. Several Board Members expressed gratitude for the brevity of the Mission and Vision Statements, but others shared that they did not see a need to change the Mission and Vision Statements for the Department.

Consideration of Quotes for Renovation of Parks & Natural Resources Office – Kurtis Baumgartner Ms. Kristunas made a motion to accept the quote from Monroe Construction Group and award a contract to Monroe Construction Group in the amount of One Hundred Twenty-Nine Thousand Nine Hundred Thirty-Eight Dollars (\$129,938) for the Renovation of the Parks & Natural Resources Office. The motion was seconded by Dr. Beer and unanimously passed 9 – 0.

Ms. Kristunas made a motion to authorize the Park Department Director or Assistant Director to execute a contract with Monroe Construction Group and take all steps necessary and appropriate to facilitate the Project, including approval of change orders not to exceed twenty percent (20%) of the Contract Price, with a report to, and ratification from, the Board. The motion was seconded by Dr. Beer, and unanimously passed 9-0.

Consideration of Agreement for Porter Services at Carmel Clay Parks Facilities

Ms. Kristunas made a motion to accept the proposal for Cleaning Services from Corvus Janitorial in the amount not to exceed \$346,331 annually and authorize the President of the Park Board to sign the Agreement for Cleaning Services. The motion was seconded by Mr. Kirsh and unanimously passed 9 – 0.

Consideration of Resolution P-2021-002 Adopting the Inclusive Procurement and Contracting Policy Ms. Kristunas made a motion to waive the reading of Resolution P-2021-002 and enter it into action. The motion was seconded by Mr. Rude and unanimously passed 9-0.

Ms. Kristunas made a motion to approve Resolution P-2021-002. The motion was seconded by Mr. Rude and unanimously passed 9-0.

Consideration of Authority regarding Mediation in Cause No. 29D02-2003-CT-002347

Ms. Kristunas made a motion to authorize Michael Klitzing, Director of the Park Department, and Brian Bosma, the Park Board Attorney, to represent the Carmel/Clay Board of Parks and Recreation for the mediation in Cause No. 29D02-2003-CT-002347 with the authority to negotiate a settlement consistent with the Park Board's litigation strategy as discussed in its duly noticed Executive Session on December 14, 2021, with the terms of settlement to be ratified at a subsequent Park Board meeting. The motion was seconded by Mr. Kirsh and unanimously passed 9 – 0.

Old Business

Consideration of Resolution G-2021-008 Approving Real Estate Donation and Parks and Recreation Impact Fee Credit Agreement for Albany Village

Ms. Kristunas made a motion to waive the reading of Resolution G-2021-008 and enter it into action. The motion was seconded by Mr. Kirsh and unanimously passed 9-0.

Ms. Kristunas made a motion to approve Resolution G-2021-008. The motion was seconded by Mr. Kirsh and unanimously passed 9-0.

CCPR P&L Statements for December 2021	
DOLLAR AMOUNT/FUND N/A	MEETING DATE January 11, 2022

SUMMARY:

Provided for your review are December 2021 P&L statements for ESE (Fund 108), Monon Community Center (Fund 109), and Parks & Rec Facilities (Fund 110) as generated by the Department's QuickBooks software. These reports are used as a management tool to help identify and track the financial performance of the Department's retail-oriented operations. The P&L statements are supplemental information and do not replace the official financial records maintained by the Clerk-Treasurer.

RECOMMENDED MOTION:

"I move to acknowledge receipt of the P&L Statements for December 2021."

12:43 PM

Kurtis Baumgartner, Assistant Director of Par	rks
and Recreation/COO	Recommended Motion
Ratification of 2021 General Fund End of Yea	r Budget Line Transfers
DOLLAR AMOUNT/FUND	MEETING DATE
\$0 Net Change (General Fund 101)	January 11, 2022

SUMMARY:

Provided for your review is a summary of the end of year line transfers completed within the General Fund to ensure all budget lines were no less than a zero balance as required by the State Board of Accounts. All transfers were within the same classification and are within the authority of the Park Board to ratify.

The 2021 General Fund budget was \$4,122,844.91 of which 94.31% was spent and/or encumbered during the year based on preliminary financials available from the Clerk-Treasurer's Office. The unused balance of \$240,859.55 reverts to the Fiscal Bodies as dictated by the Interlocal Cooperation Agreement.

RECOMMENDED MOTION:

"I move to ratify the 2021 end of year budget line transfers as presented."

and Recreation/COO	Recommended Motions	
ITEM/SUBJECT		
Consideration of Re-Bid for Replacement of Monon Greenway Structure #12		
DOLLAR AMOUNT/FUND	MEETING DATE	
\$571,000 (103 Fund)	January 11, 2022	

SUMMARY:

In 2018, the City of Carmel Engineering Department undertook and completed inspections of the infrastructure along the Monon Greenway and Hagan-Burke Trail to determine needed improvements. Their findings were compiled in the "Structure Inventory and Appraisals Report." This report prioritized improvements based on those items needing the most attention.

As requested by the Engineering Department, CCPR, contractual manager of the Monon Greenway, agreed to assist with recommended improvements to nine (9) structures. One of the identified improvements is Structure #12, which is a three-sided limestone culvert that allows Monon Greenway users to travel safely over Carmel Creek.

Originally this project was anticipated to be completed by October 31, 2021, however, when the project was bid in April, bids were higher than anticipated and the department realized it had insufficient funds available in the Parks Capital Fund (103). CCPR made the decision to reject all bids and request additional funding from the City of Carmel in its 2022 budget. The necessary funding was approved and is now available.

Accordingly, CCPR re-bid the Monon Greenway Structure #12 Replacement Project and on Friday, December 17, 2021, bids were received and opened. A bid was received from the following contractor:

White Construction, LLC \$571,000

American Structurepoint, the Project Engineer, reviewed the bid documentation, confirmed White Construction, LLC to be the lowest responsive and responsible bidder, and recommended acceptance of its bid in the total amount of \$571,000.

If approved, there is potential tree clearing work to take place before April 1, 2022, when restrictions on tree clearing begin. It is anticipated that much of the work will begin in the fall to comply with restrictions from Indiana DNR prohibiting work in the waterway between April 1st and June 30th without their prior written approval and to minimize Monon Greenway disruptions during peak usage times. Additionally, CCPR is requiring that any full closures of the Monon Greenway be no more than 14 days. CCPR will work with the City of Carmel to identify detour routes and make the public aware of any closures.

RECOMMENDED MOTIONS:

Motion #1:

"I move that the Park Board accept the bid from and award a contract to White Construction, LLC in the amount of \$571,000 for the Replacement of Monon Greenway Structure #12 and authorize the Engineer, the Director, the Assistant Director, and the Park Board Attorney to take all action necessary to complete the contracting process and authorize the Director or Assistant Director to sign a contract with the Bidder upon completion of the Park Board Attorney's review."

Motion #2:

"I move that the Park Board delegate to the Director and the Assistant Director the authority to determine, in conjunction with the Engineer, whether it is in the best interest of the Board and the Department to add or change an item or items in the contract with White Construction, LLC and to approve each such change order up to an amount not to exceed his purchasing authority and in accordance with applicable Indiana law regarding change orders with a report to and ratification by the Park Board at a subsequent Park Board meeting."

DOLLAR AMOUNT/FUND \$79,000 (103 Fund)	MEETING DATE January 11, 2022	
TEMISUBJECT Consideration of Estimate for Reimbursable Utility (Fiber)		
and Recreation/COO	Recommended Motions	
Kurtis Baumgartner, Assistant Director of Parks	No non negota . Es	
PRESENTER	ACTION REQUESTED	

SUMMARY:

In 2018, the City of Carmel Engineering Department undertook and completed inspections of infrastructure along the Monon Greenway and Hagan-Burke Trail to determine needed improvements. Findings were compiled in their "Structure Inventory and Appraisals Report." The report highlighted needed improvements and prioritized them based on those items requiring the most attention.

As requested by the Engineering Department, CCPR, contractual manager of the Monon Greenway, agreed to assist with recommended improvements to nine (9) structures. One of the identified improvements is Structure #12, which is a three-sided limestone culvert that allows Monon Greenway users to travel safely over Carmel Creek.

MCI/Verizon has an existing fiber line under the western half of the Monon Greenway pavement, and because it is a shallower installation (vs. the deeper AT&T duct that was directional drilled 8-10" underneath the existing culvert), the line must be relocated. Given the easement granted to MCI/Verizon, the relocation work will need to be reimbursed by CCPR.

MCI/Verizon obtained an estimate from JDH Contracting for relocating the fiber line in the amount of \$79,000. If approved, work would begin as soon as feasible and is estimated to be completed by March 1, 2022. The department anticipates minimal disruptions to the Monon Greenway. If any closure is required, CCPR will work with the City of Carmel to identify detour routes and notify the public.

RECOMMENDED MOTIONS:

Motion #1:

"I move that the Park Board accept the estimate provided by MCI/Verizon from JDH Contracting, Inc. to relocate the existing fiber line under the Monon Greenway and approve reimbursing MCI/Verizon the utility relocation expenses for an amount not to exceed \$79,000."

Motion #2:

"I move that the Park Board authorize the Director, the Assistant Director, and the Park Board Attorney to take all action necessary to complete the reimbursement process and authorize the Director or Assistant Director to sign a reimbursement agreement with MCI/Verizon upon completion of the Park Board Attorney's review."

PRESENTER Kurtis Baumgartner, Assistant Director of Parks and	ACTION REQUESTED
Recreation/COO	Recommended Motion
Ratification of Hydro-Vac Services for Lazy River Leak Det	ection
DOLLAR AMOUNT/FUND \$27,965.80 (Fund 1215)	MEETING DATE January 11, 2022

SUMMARY:

This past summer (2021) a leak was detected by staff in the Lazy River at The Waterpark. Upon inspection, Ellis Mechanical, preventative maintenance contractor for Carmel Clay Parks & Recreation's mechanical systems, notified the department that hydro-vac services would need to be utilized to unveil the location of the leak. Because of the outstanding relationship CCPR has built with Ellis, it was recommended that the department work directly with SSI Excavating Services, Inc. so markup costs could be avoided.

Several trenches were created next to the Lazy River to trace the leak location. If water was present in the location excavated, it was pumped out to see if it would return. This helped determine if the source of the water was ground vs. pool. Prior to The Waterpark season, most of the areas that were initially unveiled dried up, requiring additional services in the fall.

Upon return in the fall, a section was exposed on the northeast side of the Lazy River and pressurized. The leak was discovered near the sidewalk leading up to the big slides.

When the invoice from SSI Excavating Services, Inc. was received in December 2021, it was \$2,965.80 more than the \$25,000 purchasing authority of the Director and Assistant Director; therefore, ratification is requested in order to compensate SSI Excavating, LLC for services provided.

RECOMMENDED MOTION:

"I move that the Park Board ratify the actions of Director Michael Klitzing and Assistant Director Kurtis Baumgartner and compensate SSI Excavating Services, LCC in the amount of \$27,965.80 for hydro-vac services provided at The Waterpark in order to repair the Lazy River leak."

Director's Report | January 11, 2022

Active Projects

Below is a list of CCPR's major projects categorized by status. Details, if relevant and not covered as an agenda item, follow within this report.

Planning Stage

- 1) Bear Creek Park Master Plan
- 2) Central Park/Interurban Trail Connection & Trailhead Enhancements (funded by Kite Realty Group)
- 3) Interlocal Cooperation Agreement Amendments/Capital Funding Strategy
- 4) Monon Community Center Indoor Playground
- 5) Orchard Park Elementary School Reuse
- 6) Reimagining Recreation Plan
- 7) Thomas Marcuccilli Nature Park Master Plan
- 8) Thomas Marcuccilli Nature Park/Wellhead Overlooks (funded by Carmel Utilities)
- 9) Waterpark Improvements
- 10) West Park The Core Shelters
- 11) West Park The Groves Perimeter Trail
- 12) White River Pedestrian Bridge
- 13) White River Corridor/Hamilton County South River District (in coordination with Hamilton County Tourism, Conner Prairie, and Hamilton County Parks & Recreation)
- 14) White River Greenway North Extension

Procurement or Contracting Stage

- 15) Guaranteed Savings Assessment
- 16) Monon Greenway Structure #12
- 17) Parks & Natural Resources Renovation Project
- 18) Vera J. Hinshaw Park Donation (closing on property)

Construction Pending

19) River Heritage Park Phase I Improvements

Construction/Project in Progress

- 20) Japanese Garden Expansion (City/Township led project)
- 21) Lawrence W. Inlow Phase II Improvements
- 22) Meadowlark Park Improvements
- 23) Monon Greenway Improvements from City Center Drive to Gradle Drive (City/Township led project)
- 24) West Park The Core Improvements

Substantially Complete with Punch List Items Remaining

- 25) Flowing Well Park Improvements
- 26) Monon Greenway North Refresh (Main Street to 146th Street)

Final Completion Achieved (for projects identified as active last month)

Not applicable

Park Closures at a Glance

The following parks are or soon will be closing. Projected reopening dates are provided.

PARK	STATUS	PROJECT NOTES	PROJECTED REOPENING
Meadowlark	Closed	Interior restroom finishes in progress; waiting on results from borings to determine how to proceed for the bridge embankments	Spring 2022
West (Core Area Only)	Closed	Stone scramble installation continues; backfilling retaining walls on playground hill; working on family changing room addition	Spring 2022
Lawrence W. Inlow	Closed	Masonry work (exterior brick façade and interior walls) and splash pad plumbing in progress	Spring 2022
River Heritage	Closing in Spring 2022	Still waiting on permit determinations from IDEM; playground equipment was received and being stored at contractor's secured location	Fall/Winter 2022

Bear Creek Park

Bear Creek Park remains open 9 am to 5 pm on Saturdays and Sundays, providing residents the opportunity to explore the primitive trails and witness firsthand the potential of Carmel's newest park. Visitors may access the trailhead from the existing entry drive off Shelborne Road about midway between 141st Street and 146th Street. A message board at the trailhead has information about the park and identifies how people can share their experience and provide recommendations for consideration in the master plan.

The consulting team will be in town January 24th -25th with follow-up focus groups scheduled with the same youth groups visited in November, as well as the neighbors. Public Meeting #3 will be held on January 25th at 6 pm and hosted at the Jill Perelman Pavilion. (Park Board members are welcome to attend.) The consultants will present 2-3 concepts of how the park could be developed and solicit feedback, which will be used to prepare the first draft of the master plan.

Impact Fee Hearing

The City Council's Finance, Utilities and Rules Committee will meet on Wednesday, January 12th at 6 pm in the Council Chambers to discuss the Park and Recreation Impact Fee. This hearing was sparked by former Clay Township Trustee Judy Hagan in October at the public hearing for the City's 2022 budget, in which she inquired about the issuance of impact fee credits for Carmel Redevelopment Commission projects. I have been asked to attend to help review the process for establishing impact fees and how CCPR uses the impact fees we receive. Community Redevelopment Director Henry Mestetsky has also been asked to address any questions the committee may have regarding the CRC-related credits. Park Board members are welcome to attend this public meeting.

Monon Community Center & The Waterpark

Staff continue to have discussions with Williams Architects, who is preparing plans for a new indoor playground in Multipurpose Room-West and improvements to the adjacent KidZone. Williams is continuing to work with playground manufacturers to explore playground design. Also continuing to work with Williams Architects on concepts for future improvements at The Waterpark. Concepts of both plans will be presented to the Park Board as soon as they are complete.

Senior management staff will be providing a tour to a small contingency of visitors from Fishers, including Mayor Fadness, on January 31st. They requested an opportunity to meet in regards to planning efforts for a recreation facility in Fishers.

Orchard Park Elementary School Reuse

Meeting with school administration on January 10th to discuss future use of Orchard Park. Since CCPR does not have dedicated funds to commit to immediate renovations, CCS will need to fund necessary improvements to the building for CCPR to be able to financially assume management responsibilities.

Parkland Donation

Falcon Nest II has expressed an interest in donating an additional 14+ acres to CCPR within the White River Corridor. This is the same developer that generously donated Thomas Marcuccilli Nature Park (TMNP) to the Park Board last year. The property is located within the Legacy development at the

southwest corner of River Road and Cherry Creek Boulevard and just south of TMNP. The property already includes trails and looks like an attractive greenspace and nature-oriented park. CCPR approached the developer about this donation as its strategic location may better position the department for funding from the Indiana Department of Natural Resources to help develop TMNP.

As was required for TMNP, the Park Board will have to formally accept this donation at a future meeting and authorize execution of a donation agreement. The developer has requested the property be named Mary Louise Marcuccilli Park, who was the wife of Thomas Marcuccilli. We anticipate bringing the required action item to the Park Board at the February or March regular meeting.

READI Grant | Hamilton County South River District

The Indiana Economic Development Corporation (IEDC) awarded the White River Regional Opportunity Initiative Partnership (WR-ROI) \$20 million through the Indiana Regional Economic Acceleration and Development Initiative (READI). IEDC has scheduled a meeting with the WR-ROI advisory members on January 14th to provide direction on the allocation and administration of the grant proceeds. If our region has full discretion on how the funds are distributed, the consensus is to proportionately distribute the funds based on our original requests, which would put us in line for slightly over \$2.9 million for the White River Education and Ecology Center (WREEC). Hamilton County also committed \$1 million toward wetland enhancements for the project should we receive the grant. CCPR and Conner Prairie will meet once we have definition on how much funding is available for the WREEC through the READI grant.

Summer Camps & Registration Software

Based on feedback from parents and guardians, CCPR will begin processing summer camp registrations through EZChildTrack, the same software used for the ESE program. This will simplify registrations for children already enrolled in our ESE program and ensure a more seamless transition for staff between the afterschool program and camps. CCPR is finalizing an amendment to our existing agreement with Active Network, which previously was used for summer camp registrations (and will continue to be used for the Monon Community Center).

With the transition in software, CCPR will now be able to offer early registration for children enrolled in ESE, which rewards existing customers and has been one of our top requests from parents/guardians, but could not be facilitated through Active. Instead of requiring a 50% deposit at the time of registration and then charging two large monthly payments, we will instead have a 20% non-refundable deposit due at registration, consistent with other camp providers in the area. We will also transition to weekly payments due the Monday of the week preceding the applicable camp week in lieu of our previous 2-month payment plan. Collectively, these changes should help significantly reduce the number of refunds issued for camps.

To ensure that we are able to attract and retain camp personnel, and due to significant cost increases in bus transportation for field trips, the weekly rates for summer camps will increase from \$200 last year to \$225 for specialty camps and \$220 for general camps. These rates remain very competitive with the local camp market. Summer camp registrations will open on March 1st.

Thomas Marcuccilli Nature Park

Had preliminary kickoff meeting with MKSK to begin discussing the public input process. Anticipate project timeline will be finalized within the next several weeks. CCPR will assemble a Steering Committee shortly to help advise management and the consulting team through the planning process.

Met with Carmel Utilities, MKSK, and Jones and Henry Engineers on January 6th to discuss plans for the wellhead overlooks. It is anticipated that Carmel Utilities will be issuing a new bond early next year, which would likely allow construction to begin in spring 2023.

White River Greenway South Extension

While most of the focus on the White River has been north of 116th Street, CCPR has submitted a formal proposal to the City of Carmel to assume management responsibility for City-owned property located along or near the White River between 116th Street and 96th Street. If the City is amenable to the proposal, this would bring approximately 40-45 additional acres into the park system, at no acquisition cost to CCPR, that will be needed for creating the southern extension of the White River Greenway. While acquisitions of privately-owned property will still be required to connect all existing City and CCPR-owned parcels, bringing the City property into the park system positions the department to begin in earnest planning for the trail. The City property being targeted is currently managed by Carmel Utilities.

Year-End Financial Note

As predicted at the December Park Board meeting, CCPR achieved 100% cost recovery for ESE, the Monon Community Center, and dog park operations. I am extremely proud of the entire CCPR team for this tremendous accomplishment considering how significantly the COVID-19 pandemic has impacted CCPR's revenue-generating operations.

As the following summary of our gross and net income for the past three years illustrates, our income is still significantly down compared to pre-pandemic numbers. Through the painful, yet necessary and prudent decisions to reduce our workforce and cut underperforming programs, we have successfully stopped the hemorrhaging and are again able to grow our cash reserves. Unfortunately, it will likely be another 2-4 years before we have rebounded to the point that we have sufficient reserves to once again fund capital improvements through the ESE and MCC revenues prior to the pandemic.

	Gross	Change
Year	Income	from 2019
2019	\$11.4m	
2020	\$6.1m	(\$5.3m)
2021	\$7.7m	(\$3.6m)

Net Income	Change
or Loss	from 2019
\$1.3m	
(\$2.7m)	(\$3.9m)
\$0.5m	(\$0.8m)
